

City of Imperial Beach Notice of Public Meeting

The City of Imperial Beach invites its citizens and interested parties to participate in an update to its General Plan/ Local Coastal Program (LCP). The City completed a Sea Level Rise (SLR) study in 2016 through a grant from the State Coastal Conservancy and the San Diego Foundation. The City obtained another grant from the California Coastal Commission to translate the SLR adaptation strategies and Climate Action Plan (CAP) Greenhouse Gas (GHG) reduction measures into policies. The City hired the consulting firm of AECOM to assist the City with this project.

A Community Workshop was held at the Dempsey Center on Friday September 21, 2018 during the Farmers Market event to obtain public comments on the Implementation Plan (IP) to the LCP prepared by AECOM.

This month's meeting will be a Joint Study Session of the City Council, the Design Review Board, the Tidelands Advisory Committee, and the Parks and Recreation Committee to be held on Wednesday, November 14, 2018 from 5:30pm to 7:30pm at the Imperial Beach Public Library (810 Imperial Beach Blvd, Imperial Beach, CA 91932). Members of the Joint Session will review the proposed amendments along with any comments provided by the public at the Community Workshop. The public is welcome to attend this joint study session.

Draft LCP documents will be posted on the City's webpage link: [2018 RIB CAP/LCP/GP Update](#)

For questions, please contact Jim Nakagawa, City Planner, at jnakagawa@imperialbeachca.gov or 619-628-1355 or at the City of Imperial Beach, Community Development Department, 825 Imperial Beach Blvd., Imperial Beach, CA 91932, or Nancy Bragado, Principal Planner AECOM at nancy.bragado@aecom.com or at 619-610-7739.
